No. FBISE/CE-Tech/2023/253

Dated: 15-03-2023

SUBJECT: CLUSTERING OF LABS FOR TECHNICAL EDUCATION

In order to provide a platform to the candidates to learn skills in conducive environment of institutions enabling them to meet the challenges of practical life and/or to hone their innate talents, FBISE has offered a galaxy of Technical Education programs at both SSC and HSSC levels, which includes Matric Tech, Medical Tech, Diplomas and Intermediate in Unani and Ayurvedic System of Medicine (IUASM) "details are available at the official website".

2. Seeing its importance in the current age, many educational institutions have offered these programs and are affiliated with the FBISE. Yet, some institutions are facing hurdles in starting Technical Education due to financial constraints i.e. budget involved in establishment of labs for practical work.
3. To cope with the aforesaid problem faced by institutions, it has been offered as an interim relief to the institutions to make clusters of labs and use those labs by mutually finalizing the terms and conditions between the heads of both the institutions i.e. the one possessing the labs and the other desirous to hire the labs for the students.
4. In this regard the institutions having labs/infrastructure are requested/invited to share detail of their labs with the FBISE and equipment which shall be shared through Board for hiring by the interested institutions. The details may be shared on the proforma/pattern given overleaf.
5. It is also informed that the following labs from Government Polytechnic College for Women, H-8/1, Islamabad are available for clustering:
 - (i) Computer Information Technology (CIT)
 - (ii) Dress Designing & Making (DDM)
 - (iii) Commerce (for D.Com)
 - (iv) Electronics
 - (v) Architecture
 - (vi) Diploma in Office Management (DOM)
6. The institutions desirous to start technical programs, may contact the principal of the aforesaid institution at 051-9250697-8 to hire the labs with mutual finalization of terms and conditions.
